Dear Friends,

November 2015

It’s been a busy year with staff changes, a busy legislative session, a successful partners program and plenty of internal updates to make The Arc of Bismarck run smoothly, efficiently and effectively.

It has been a privilege to serve as your executive director for the past six months. My wish is for you to see things from my fresh perspective. I see the passion, power, and commitment in the collective voice of this community. This is a dynamic group that includes a variety of supporters, including representatives from self-advocates, families, board, thrift store employees, and partners from the other agencies with whom we work. We are a force for the disability community as we move forward together to accomplish great things.

This document highlights the activities and accomplishments of The Arc of Bismarck over the past year. This would not have been possible without help from many champions who care deeply for The Arc.

Our Board of Directors - Linda, Marlene, Mike, Tahna, Cindy and Christine: When I started I was told we have a “working board” and that has proven to be true. Your dedication to your board positions is admirable and your willingness to step up when help is needed does not go unnoticed. I’m grateful for each of you.

Linda Wurtz, President: In my six months here, you have been an encyclopedia, a cheerleader, a teacher and a coach. You may be ending your term as president, but I will always have your cell phone number.

April Dahme, Program Coordinator: I would not change one single thing about you. You are a hard worker, a great team member and I feel fortunate to be working alongside someone who is ready to go and ready to go far.

Thrift Store Team Members - Jerry, Mary Ann, Joe, Carisa, Steph, Brian, Roger, Steve, Bob, Lance, Sarah, Rachel, Jason, Justin, Sylvia, Pat, Sonia and our amazing volunteers: I appreciate each of you separately for what you offer to the store. You collectively have helped us become the thrift store of choice for the Bismarck/Mandan area. That is something to be proud of. I can’t wait to see what we can accomplish together in 2016.

Members: Where would we be without you? Thank you for validating the work we do for the people we serve.

Donors: We are grateful for your support and think that your financial commitment says something about you. Thank you for helping us reach further.

It’s been a great year and I cannot wait to see what we can do in 2016.

MISSION STATEMENT

"To provide education, advocacy and supports to children and adults with disabilities to foster empowerment and full inclusion in the community."

BACKGROUND
The Arc is a private, non-profit 501(c)3 advocacy organization formed in 1957 and incorporated in 1960. Originally founded by a small group of parents and stakeholders, The Arc has developed into a powerful membership-driven organization of over 700 state and local chapters. The Arc of Bismarck is affiliated with The Arc of the United States and The Arc of North Dakota. While the work of Arc chapters across the country is diverse, The Arc of Bismarck, like The Arc of North Dakota, does not provide any direct services to consumers. Throughout its history, The Arc of Bismarck has offered a variety of services and supports, always morphing to meet the current needs of individuals with disabilities and their families. The Arc of Bismarck is dedicated to improving community supports and services, influencing public policy at all levels, providing education and training for advocates, self-advocates, and parents, and achieving full inclusion of people with disabilities in all aspects of life. Through these efforts, the organization teaches effective self-advocacy skills, fosters empowerment, and seeks to advance the overall quality of life for individuals with disabilities and their families. Many activities over the past year have allowed The Arc of Bismarck to remain relevant and important to the disability community.

SUPPORTS
Information and Referral
The Arc of Bismarck provides individuals with disabilities and their families assistance in finding appropriate community resources. Trained professionals help self-advocates, parents, and community members understand and navigate complex systems of education, government, and community institutions. During the past year, information and referrals have been given on a variety of topics, such as housing, guardianship, low-income services, family services, adaptive equipment, and education. The Arc of Bismarck has seen the volume of calls for information and referral requests steadily increase over the past year. Several factors have likely contributed to this increase, namely the population growth in the local area.

Community Living Program
This program provides people with disabilities transitioning out of an institutional setting and into the community a voucher that can be used at our thrift store for household items and personal effects. The Arc of Bismarck does not see large volumes of requests for this service. However, The Arc continues to provide assistance to people transitioning into independent living environments. We are actively involved with the Money Follows the Person program, which provides funding for one-time moving costs to people with disabilities and adults and assists individuals in obtaining the services and supports needed to live independently.
American People Self-Advocacy Association

American People is a self-advocacy organization run by and for people with disabilities whose mission is, “Helping all people with disabilities learn about their rights and responsibilities, while promoting self and systems advocacy in the community.” This group is provided with advisory and fiscal support by The Arc of Bismarck. During the past year, The Arc has worked closely with this group to encourage growth and membership development. Some highlights include: attending transit meetings; selling cookbooks at community events and The Arc Thrift Store; hosting presenters on various topics at membership meetings; and sponsoring several social events, including a Halloween party, summer barbecue, and the annual Christmas dance. All adults (18+) with disabilities are invited to attend the group’s monthly membership meetings to learn more and get involved in self-advocacy. Meetings are held the first Monday of every month at 7:00 p.m. at the Bismarck Public Library.

ADVOCACY
Individual and Systems Advocacy
The Arc of Bismarck knows the critical role advocacy plays in independence, and is an active advocate for issues and concerns regarding the rights of people with disabilities and their families. Individual advocacy is provided upon request and has come largely in the form of information dispersal and connecting citizens with their legislators. Systems advocacy at The Arc of Bismarck is displayed through continued participation in the local Legislative Working Group, North Dakota Disabilities Advocacy Consortium, and other collaborative activities. The Arc is especially proud to have completed the twenty-second year of the North Dakota Partners in Policymaking program.

Legislative Advocacy
During the 2015 legislative session, The Arc of Bismarck tracked and monitored over 30 disability related bills and provided written and oral testimony on several. The Arc of Bismarck secured a contract and provided legislative advocacy services to The Arc of North Dakota for the 2015 Legislative Session. The Arc’s legislative priorities included employment, housing, transition services, and the marriage penalty in Supplemental Security Insurance (SSI). The number of individuals with disabilities and those receiving services continues to increase as the state experiences a population boom. Below is a list with brief descriptions of a few of the bills that we took a position on in the 2015 session. Find the full legislative recap on the website at www.thearcofbismarck.org.

Provided Testimony:
HB 1327 Sales and use tax exemption for nonprofit thrift store sales.
This bill would have eliminated sales tax at nonprofit thrift stores. The Arc testified on this bill at the request of the prime sponsor. This bill would have addressed the
issue of double taxation, as used merchandise which has been donated to a thrift store was taxed when it was purchased new. It also would have helped low-income individuals and people with disabilities who regularly shop at thrift stores and typically have lower incomes. The bill did not get a recommendation from the committee, as committee members were split 7-7 on the bill. This bill has been submitted in several sessions and we hope it will be again. Failed in the House.

SB 2012 DHS Budget - Vocational Rehabilitation Section - We presented suggestions that people with disabilities deserve minimum wage, that perhaps VR could make use of new employment techniques such as job carve-outs, and that there are too many people falling through the cracks of the VR system. The budget for VR was basically level from the previous biennium.

SB 2012 DHS Budget - Life Skills and Transition Center Section - There was a lot of discussion about the center having 481 employees for 85 residents. The Arc testimony encouraged a renewed commitment to moving all of the residents into their home communities and dissolving this institution for good. There is money in the budget for heating plant upgrades, window replacement, equipment, and extraordinary repairs. ($1.94 million) There is authority to sell the Prairie View building for a dollar to a non-profit in Grafton. There was also a study requested that will look for the most efficient use of the LSTC property, potential to transfer residents to the state hospital or community settings, and potential alternative uses for the campus and buildings.

SCR 4006 Arc of ND bill
Study the impact of the marriage penalty in SSI under the Social Security Act.
The marriage penalty in SSI has proven to be a barrier to marriage for many people with disabilities. Individuals on SSI who are married experience a significant reduction in benefits because their spouse’s income is used in determining eligibility, forcing some couples to forgo their dreams of marriage or be faced with potentially living in poverty. This study would quantify the impact for North Dakotans, look at the cost of living and what poverty means in North Dakota, and research what other states have done about the issue. House Political Subs added an amendment to include the penalty to retirees in Social Security. Adopted. This study went to legislative management, but was not selected.

Federal Policy
The Arc has also been vigilant in monitoring the new federal regulations on home and community based services (HCBS) provided by states through the federal Medicaid waiver. The rule provides a new definition of “home and community based” and adds protection for individuals receiving services through the waiver. The intent of the rule is to ensure that individual choice is at the center of HCBS settings and programs,
individuals have full access to the benefits of community living, and individuals receive services in the most integrated settings. The Arc supports the intent of the federal rule and will continue to follow the state’s transition plan and activities in becoming compliant.

EDUCATION

Partners in Policymaking
The Arc of Bismarck coordinates North Dakota’s Partners in Policymaking program, an intensive training program for adults with disabilities and parents of children with disabilities. The program teaches advocacy and leadership skills and creates paths for personal independence through a series of weekend training sessions. In the past year, 15 graduates received education in the program’s topic areas, such as legislative processes, disability issues, and best practices. The program’s intent is to achieve a productive partnership between people utilizing services and those providing services and creating policy. Partners continues to be a popular program, supported during the past year by the Otto Bremer Foundation, Walter L. Braun & Lucille Braun Family Charitable Gift Fund, Comfort Inn, and numerous individual contributors.

Speaking Engagements
At The Arc of Bismarck, we make ourselves available to do presentations within the community on a variety of subjects. This year we were asked to speak at the Self-Advocacy Solutions conference and an event for the Dakota Center for Independent Living.

THE ARC OF NORTH DAKOTA
In March of 2014, The Arc of Bismarck entered into a contractual agreement with The Arc of North Dakota to provide administrative services to the state organization. This contract has allowed The Arc of North Dakota to return to Bismarck, improving access to legislators, policy, and state agencies. While the state organization is now housed at The Arc of Bismarck, it remains its own fiscal and legal entity and is managed by The Arc of Bismarck’s executive director at the direction of the state board. Notable state activities over the past year include: a successful 2015 legislative session, participation on a variety of committees that impact the disability community and the start of monthly call-ins with chapter directors to share best practices and problem-solve. North Dakota President Linda Wurtz and Nicole Peske are currently visiting each local chapter to talk about their activities and how The Arc of ND fits into their local mission.
Affiliate chapters of The Arc of North Dakota remain vital to the success of the state organization. A special thanks to all of the local chapters for their efforts over the past year: The Arc of Barnes County (Valley City), The Arc of Bismarck, The Arc of Cass County (Fargo), The Arc of Dickinson, The Arc of Little Missouri (Bowman), and The Arc, Upper Valley (Grand Forks).

COMMUNITY COLLABORATION:
The Arc of Bismarck provided support to individuals and organizations to enhance community involvement. This is an opportunity for The Arc to invest in worthy individuals and efforts by providing financial or in-kind support. It also allows The Arc of Bismarck to form partnerships with future organizational stakeholders and build relationships within the community.

The Arc of Bismarck is dedicated to collaboration with diverse entities throughout the state to enhance opportunities available to people with disabilities, families, and others. In order to utilize resources responsibly and foster a collaborative spirit, The Arc worked with several organizations over the past year. Special thanks to our primary collaborators: Comfort Inn, AccessPoint Solutions, Inc., North Dakota State Council on Developmental Disabilities, North Dakota Disabilities Advocacy Consortium, Designer Genes, and many disability stakeholder organizations who have helped with our programming and education efforts.

SOURCES OF REVENUE FOR PROGRAMS
Chapter Efforts
The Arc of Bismarck is able to fund quality programs and services through several resources. Through dues and membership fees, The Arc’s 120 members have helped support Arc programming. In addition, The Arc also holds fundraisers, receives revenue from corporate sponsors and foundations through grant writing, and operates a thrift store. Over the past year, The Arc was generously supported by the Sam McQuade Sr./Budweiser Charity Softball Tournament, Walter L. Braun & Lucille Braun Family Charitable Gift Fund, MidContinent Communications, Aetna, HDR, Community Options, Wells Fargo Advisors - Kirk Pandolfo, MDU Resources Group, Security First Bank, American Bank Center and the Otto Bremer Foundation. The financial support of these organizations is greatly appreciated and ensures the impact and success of our efforts.

The Arc Thrift Store
The Arc Thrift Store provides monetary support for the Bismarck chapter’s programs. Thrift store sales for 2014-2015 were $336,006.60, down 10.4% from the same period a year earlier. However, overall expenses were also reduced by 8.2%. The net loss for the 2014-15 period was -$18,537.27 which is a 39% change from the 2013-14 net loss of -$13,342.51. Strategies are being developed to continue to reduce expenses while creative, cost-effective marketing efforts are explored.

The Arc Thrift Store continues to thrive in a business climate that is increasingly competitive for employees and in a community of many thrift stores.
During this period alone, the store brought in over 40,000 customers and received over 6,800 donations of goods and household items. Volunteers have put in over 7,200 hours so far this year, and dedicated employees have clocked in nearly 20,000 hours.

A LOOK AHEAD
In April of 2010, members, self-advocates, and staff collaborated to update The Arc of Bismarck’s strategic plan. Five growth areas were identified as organizational goals: 1) To support The Arc of North Dakota by exploring the taking of leadership; 2) To expand existing and grow new programs; 3) To retain paid staff to maintain integrity and credibility of The Arc of Bismarck; 4) To leverage finances to address buildings and grounds needs; and 5) To educate the public about disability issues in an effort to change attitudes. The Arc of Bismarck has done much to accomplish these goals, such as: 1) raised base wages of employees, 2) offer health insurance to full-time store employees, 3) completed remodel of the thrift store and updated certain fixtures, 4) sell items through online mediums, 5) secured administrative services agreement and legislative advocacy services agreement with The Arc of North Dakota, and 6) completed another year of our Partners in Policymaking and Capability Chronicles programs, to name a few. The Arc of Bismarck revisited The Arc’s strategic plan in the past year to identify new and existing growth areas as they relate to people with disabilities and the board is planning to form a new strategic plan at the beginning of 2016.

Thank you for your continued support of our organization and people with disabilities.

2014 ANNUAL REPORT & STAFF INTRODUCTIONS – CALLY MUSLAND:

Cally expressed her appreciation for the ability to work for such a great organization at something that she loves to do. She added that The Arc has such a strong history and she wants to see it continue. Cally stated that everyone should have received a copy of The Arc of Bismarck’s annual report (covering the period from September 30, 2013 – October 1, 2014) and asked that everyone take the time to look over the report at their convenience and to be sure and contact her if there are any questions.

Cally stated that The Arc of Bismarck would like to recognize Jim for his active role in the continued development of the Capability Chronicles program. She noted that Jim has worked with this program from the very beginning and has been a huge asset in the program’s success.

Cally stated that Joy Wezelman, a very busy attorney in Bismarck, was not able to be here this evening, but The Arc of Bismarck would like to recognize Joy as the brains behind the by-laws project. Cally added that Joy spent countless hours reviewing the by-laws for both The Arc of Bismarck and The Arc of North Dakota. Joy has been a long-time member of The Arc, often serving as its parliamentarian.

Cally noted that The Arc has two of its board members that will finish their terms and going off the board at the end of this year. These include: Sandy Wheeler, Director and Mark Hardy, Secretary/Treasurer. Cally thanked both Mark and Sandy for their commitment to serving people with disabilities and for their time and talents in making The Arc a stronger organization.
